

Piedmont Health Services seeks qualified **bi-lingual** candidates for our medical assisting departments in Carrboro and Prospect Hill, North Carolina. The **medical assistant** is responsible for taking patients' vital signs, administering some injections, sterilizing exam rooms, and collecting/recording test results. This position does require some evenings and Saturday hours. Qualified candidates will possess an Associates degree in medical assisting or 2 years direct experience in a clinical setting. Bi-lingual English/Spanish speaking candidates are strongly encouraged to apply.

Piedmont Health Services operates six community health centers in Prospect Hill, Burlington, Carrboro, Siler City, and Moncure, North Carolina. These community health centers provide comprehensive primary care services as well as dental, WIC, social work, and on-site pharmacy services. As a result we employ a wide range of medical professional. For a complete listing of our current openings please review our website at www.piedmonthhealth.org. EOE
