

PART-TIME COUNTRY PERSONALITY
COUNTRY 102.5 - WKXU

Looking for an on-air personality who understands how to say the most with the least, less is more, and it's more about programming flow and execution to build and maintain audience... and business for advertisers, than it is about us and our ego. Air shift will most likely be p.m. drive. Production is a part of the picture as well.

WKXU COUNTRY 102 serves Franklin, Vance and Granville county areas North of the Triangle, but also places signal over most of Raleigh Durham metro area. We play a mix of today's hottest Country and sing along favorites. We are also blend of heritage community radio and today's music intensive programming. We do focuss on music presentation, but still doing some elements that the big boys don't, like a buy-sell-trade show, local news, Mudcats baseball and Nascar Nationwide Series races and features.

Minimum of two years of radio experience preferred (hopefully a little more than broadcasting from your basement, but we'll listen to that, too).

Curtis Media Group is an Equal Opportunity Employer. Females and minorities are strongly encouraged to apply.

Get your resume and mp3 to production@country102.com or mail it to:

WKXU - COUNTRY 102
Randy Jordan - General Manager
P.O. BOX 463
Louisburg, NC 27549
