

**POSITION AVAILABLE: ADVERTISING
ACCOUNT EXECUTIVE**

Curtis Media Group is seeking qualified additions to our advertising sales team in the Research Triangle region of North Carolina. We own and operate some of the most popular radio properties, station-centric Web sites and radio networks in America's 43rd largest radio market. In addition, our CMG Interactive Marketing division is on a steep growth curve supporting our broadcast customers with leading-edge expertise in web strategy, web design and development, programming, e-commerce, SEO and hosting. To prepare for the economic recovery in 2010, we're expanding our roster of advertising account executives right now.

If selected for this position, you'll be privileged to work with an outstanding group of highly-skilled broadcast professionals in an energized, creative and challenging environment. Our senior management team has been in place more than seven years, while our core values have never wavered since the company's founding in 1968. We hire the best people, afford them world-class training, tools and management support, and allow them the time to build trusted partnerships with their customers. It's a straightforward system that has made us the top-billing radio group in greater Raleigh year after year.

Experience in broadcasting and advertising is not required. Over the years we've found most companies just don't think like we do, so we'd rather teach you our business on our terms. If we do our job right, your career will soar...

Please send your resume (including salary history), along with a cover letter of introduction stating why you should be our next great employee, to Christy Pruden, Director of Human Resources, Curtis Media Group, 3012 Highwoods Blvd., Raleigh, NC 27604 or e-mail to cpruden@curtismedia.com. Curtis Media Group is one of America's largest independent radio broadcasters and an Equal Opportunity Employer.
