

GrassRoots is looking to hire a full time Laboratory Assistant with an estimated start date of November 1st, 2009.

We are looking for candidates with the following qualities:

Education: Associate's degree in a scientific discipline

Experience: 1 year or more of hands on laboratory experience

Skills: Media preparation and sterilization, organizational skills, general biotechnology laboratory techniques. Experience with plants is a plus.

The Laboratory Assistant would assist with the preparation of bacterial and plant growth media, take care of plants, assist with a variety of day to day laboratory operations, wash glassware, sterilize biological waste, and organize and maintain a biological stock storage system. We are looking for an individual who enjoys working in a team environment, who is organized, responsible, and self-motivated. Inquiries may be send to chris.benninger@grassrootsbio.com
