Shelly/Cashman..
Thomson/Course Technology.
(9781418843281).
- MS Office 2007 Professional, six-month trial (available in bundle only) (9781423997023).
- USB Flash Drive

Course Policies

Lab Grades

Your grade will be computed as follows:

Assignment average minus 2 points for each unexcused absence (1 point for each late arrival or early departure)

Lab Assignments

Lab assignments must be submitted on or before the due date shown on the course calendar and will not be accepted late (resulting in a grade of zero), unless you have requested and received an extension in advance.

Withdrawal from Class

To officially withdraw from a class and receive a grade of "W", a student

must complete and submit a withdrawal form to the Admissions and Registration Office by the official 60 percent point of the semester (**June 30**). Students who do not follow this procedure will not be officially withdrawn from the class and will receive a final grade for the class that takes into account all work completed with zero credit for work that is missed or not completed.

Student Responsibilities

If extenuating circumstances prevent you from attending a class, make arrangements with a classmate to go over the material you missed and get any assignments that might have been distributed. The responsibility for obtaining and completing all missed work is yours.

You should plan to spend several hours per week outside the classroom studying and/or working on assignments.

Interaction with the instructor and fellow students is an integral part of the learning process. I encourage you to help one another with the assignments and in the classroom, but you must personally use the keyboard or mouse for all keystrokes/mouse actions required to complete the work.

All work submitted for grading must be your own.

In the Classroom

Food, drinks, and children are not allowed in the college's computer classrooms or labs.

Turn off all wireless phones and beepers during class time, unless you have notified me that you need to be available to receive an emergency call.

Please inform me prior to the start of a class if you will have to leave early.

Do feel free to ask questions in class. If you are confused, it is likely that some of your classmates are, also. *If necessary, make an appointment to meet with me outside of class time for student advising or extra help with your course work.* Times that I am available for student advising will be shown on my work schedule, posted beside my office door.

Other Policies

Familiarize yourself with other policies by reading the **Standard DTCC Policies** document in the Course Information section.

Course Calendar

Date	Class Activity	Work on	Hand in
05/21	Course Orientation, Introduction to Windows XP, Using Windows Explorer	Windows XP Ch. 1	
05/28	<i>No Class – see instructions for make-up work</i>	Windows XP Ch. 1	
06/04	1) Download all data files for the semester. Make sure you bring your flash drive! 2) Creating and Editing a Word Document	Word Ch. 1, Apply Your Knowledge, Extend Your Knowledge, Make It Right	Windows Exercise
06/11	Creating a Research Paper	Word Ch. 2, AEM	Word Exercise 1
06/18	Creating and Editing a Presentation	PowerPoint Ch. 1, AEM	Word Exercise 2
