Registering for Waitlisted Classes

To move a class from the Waitlist to Registered, follow the steps below:

Step 1: Log in to Web Advisor and click on the Manage My Waitlist Link
Step 2: In the drop down box change the Action to **Register** for any classes having the status **Register**.

Step 3: In the Registration Results screen, double check that the status is now **Registered** for this Section.

The system will not allow registration of courses that conflict with other courses.
