We find UNC-Greensboro to be very transfer friendly. They have a web-site (www.uncg.edu) for transfer students that is easy to navigate. Students will find them eager to answer your questions and help you find your way. They also developed a brochure for potential transfer students that answers many questions that you may have. The drive from Durham to Greensboro is only one hour.

Durham Tech has an agreement with UNC-Wilmington that guarantees you admittance to UNC-W if you complete the AA or AS degree and have a 3.0 GPA. Check their website (www.uncw.edu) for more information.

While Meredith is a private college they have developed effective support systems for older students. They also have a variety of scholarships to help students meet the higher tuition.
