</tr>
<tr>
<td>Digital Video Camera</td>
<td>VCR</td>
</tr>
<tr>
<td>Digital Picture Camera</td>
<td>Video Tripod</td>
</tr>
<tr>
<td>DVD Player</td>
<td>Video Camera</td>
</tr>
</tbody>
</table>

**Loan Period and Usage**

This equipment is available for short-term loan and may be used for college purposes only.

- For classroom usage, equipment must be checked out just before and returned immediately after the class session. Extended checkout for classroom use is not available.
- For a college-sanctioned off-campus meeting, conference, or project, equipment may be checked out for a maximum of 5 days. Extending checkout beyond 5 days requires the approval of the employee’s department head.

**Reservations**

Reservations should be made by submitting an Audiovisual Equipment Reservation Form or by contacting the library (919-536-7211 ext. 1600 or library@durhamtech.edu).

Equipment should be reserved at least one to two days in advance. (If equipment is needed immediately, contact the library circulation desk at ext. 1600 to check availability.)

If equipment is not available, or if it is needed for other than short-term use, the employee should contact his or her supervisor to determine another source of equipment.

**Checkout Process**

Equipment must be checked out on the library circulation system, without exceptions.

Equipment will be checked out in the name of the person who takes it from the library, unless a secretary or other designee has verifiable instructions to borrow it for the person who will be using it and responsible for it.

**Returning Equipment when the Library is Closed**

If the class ends when the library is closed, equipment should be taken to the Security Office with instructions for security officers to return it to the library the following day.

**Assistance or Instruction in Using Equipment**

If you need assistance or instruction in using the equipment, contact Joseph Solomon (ext. 1612) one to two days in advance to arrange for instruction prior to use.
