Practical Nursing Admission Process

Phase One: Information, Admissions, Placement, and Advising

Students are required to complete these steps in order to be eligible to attend Durham Tech:

- Complete and submit a Durham Tech application via CFNC.org.
- Attend a mandatory nursing information session.
- Submit high school and college transcripts to Student Information and Records office:
  - A transcript sent directly from the sending institution, or
  - A copy brought in by student in an official sealed envelope, or
  - Requested through an approved transcript processing service.
- Take necessary Placement Tests in order to meet requirements for admissions.
- Attend a ConnectSession. Orientation, requirement is waived if student receives 12 or more transferable college credit hours.
- Meet with a Health Technology Advisor located in the Admissions, Advising, and Enrollment Support office.

Phase Two: Courses and Competitive Admissions

Students are required to complete the following in order to eligible to apply to the LPN program. Entry into the LPN program involves a competitive admissions process. Completing these steps does not guarantee admission into the program.

- Complete any developmental courses determined by performance on the placement tests and all prerequisite or corequisite courses required for college-level courses. Note: ACA 122 is a corequisite for ENG 111.
- Complete the English Language Requirement Form
- Students who meet the definition of ‘non-native speaker’, complete the requirements for Health Technologies English Language Requirement webpage.
- Refer to courses listed on the ‘Allocation of Points’ document to determine program competitiveness (ENG 111, PSY 150 and ACA 122, BIO 163 or BIO 169).
- Review and complete the application packet (can be found online starting November 1)
- Submit a completed application packet (all items in one packet) to the front desk in AAdmissions, Advising, and Enrollment Support (Wynn Center, Building 10, room 10-200) by February 1.
- Students who qualify for admission will be notified via ConnectMail and offered a seat for the fall cohort. Emails offering admission will be sent out by April 1. In order for students to reserve their seat, students are required to reply by the given deadline. If no reply is received by deadline provided, their seat will be offered to the next qualified student. There is no waitlist for this program.

Effective Spring 2016
