In order to select applications for programs with limited clinical slots, a competitive admission procedure (NOT a waiting list) will be used, which employs a point system. This procedure will be used when there are more applicants who have met the minimal admission requirements than we have available clinical spaces. Those applicants with the highest number of points will be selected for the available clinical slots.

**Allocation of Points for Admission:**

Spaces in the nursing program will be offered to students based on the following point system with students having the highest number of points being offered seats first.

In case of a tie in the number of points, initial date of application to the program will be used as a basis for offering seats.

If a student is not offered a seat in the nursing program and wishes to be considered for the next year, the student must reapply.

**Points will be awarded for:**

- Quality points for grade in BIO 168: A = (4 x 4 cr edits) = 16, B = 12, C = 8)
- Quality points for grade in BIO 169: A = (4 x 4 credits) = 16, B = 12, C = 8)
- Completion of the following courses with an A, B, or C:
  - ACA 122  1 point (or waiver**)
  - ENG 111  3 points
  - PSY 150  3 points
  - PSY 241  3 points
  - BIO 271  3 points
- Resident of Durham or Orange County = 5 points

* The applications packet **MUST BE SUBMITTED** to the nursing admissions counselor by **February 1** for admission to the Fall nursing course sequence.

** for students who receive at least 12 hours college-level transfer credit.

**PLEASE NOTE: Application to the Associate Degree in Nursing program does not guarantee admission. All re-entry students **MUST reapply and re-enter under the current plan of study at that time.**
