ASSOCIATE DEGREE NURSING (ADN)

ADMISSION PROCESS

PHASE ONE:
INFORMATION, ADMISSIONS, PLACEMENT, AND ADVISING

Students are required to complete these steps in order to be eligible to attend Durham Tech:

- Complete and submit a Durham Tech application via CFNC.org.
- Attend a mandatory nursing information session.
- Submit high school and college transcript(s) directly from the sending institution; bring transcript(s) in official sealed envelope; or request transcript(s) through an approved transcript processing service.
- Take necessary Placement Tests in order to meet requirements for admissions.
- Attend a ConnectSession (Student Orientation); Requirement is waived if student receives 12 or more transferable college credit hours.
- Meet with a Health Technology Advisor located in the Admissions and Advising Services office.

PHASE TWO:
COURSES AND COMPETITIVE ADMISSIONS

Students are required to complete the following in order to eligible to apply to the ADN program.

- Complete ACA 122: College Transfer Success course (waived if student received 12 or more transferable college credit hours)
- Complete any developmental courses determined by performance on the placement tests
- Complete the English Language Requirement Form
- Students who meet the definition of ‘non-native speaker’, complete the requirements located on the Health Technologies English Language Requirement webpage.
- Refer to courses listed on the ‘Allocation of Points’ document to determine program competitiveness (ACA 122, ENG 111, PSY 150, PSY 241, BIO 168, BIO 169 and BIO 271)
- Be listed as a Certified Nursing Assistant I on the NC Registry.
- Pass the ATI TEAS Test (Continuing Education offers a TEAS preparatory course)
- Review and complete the application packet (can be found online starting November 1)
- Submit a completed application packet (all items in one packet) to the Front Desk in Admissions and Advising Services (Wynn Center, Building 10, room 10-200) by February 1, in order to begin nursing clinical courses for the upcoming fall cohort.
- Students who qualify for admission will be notified via ConnectMail and offered a seat for the fall cohort. Emails offering admission will be sent out by April 1. In order for students to reserve their seat, students are required to reply by the given deadline. If no reply is received by deadline provided, they forfeit their seat and it will be offered to the next qualified student. There is no waitlist for this program.

Entry into the ADN program involves a competitive admissions process. Completing these steps does not guarantee admission into the program.
