

LEX 282 IMMIGRATION LAW

COURSE DESCRIPTION:

Prerequisites: LEX 110, LEX 120, and LEX 140

Corequisites: None

This course covers both theoretical and practical application of immigration law to everyday scenarios and the paralegal's role in the process. Topics include administrative agency formation, the role of INS and the implication of the decisions on the immigration process. Upon completion, students should be able to discuss administrative agencies, the relationship of the INS to the governmental structure and immigration case law. Course Hours per Week: Class-2; Lab-0; Clinical-0; Credit-2

LEARNING OUTCOMES:

Upon completing requirements for this course, the student will be able to:

1. Identify the role of the paralegal within an immigration law client case, as well as the practice of immigration law
2. Identify administrative agencies and their respective roles within the immigration system
3. Categorize the dissolution of the former INS (Immigration and Naturalization Services) within the current three component system under the Department of Homeland Security, as well as the American governmental structure
4. Recognize the implication of the decisions implemented by various administrative agencies, and governmental systems on the immigration process
5. Explain the impact and relevancy of applicable immigration case law, as it relates to an immigration law client case, as well as the practice of immigration law
