What is the SGA?

Student Government Association

- The Student Government Association (SGA) serves as the **voice of Durham Tech students**.
- We advocate for **positive changes** and a **better campus** experience.
- We work closely with college administrators, faculty, and staff to address student concerns, improve student life, and create opportunities for growth and engagement.
- As SGA members, we also gain valuable leadership, communication, and teamwork skills through hands-on experiences that help us grow personally and professionally while making a difference in our community.
- For more info about what the SGA does, look at our webpage here : [Durham Tech SGA](#)
