

Getting Started with ConnectMail

For all students taking **credit** courses, your ConnectMail account will be your **official** means of communication with Durham Tech.

ConnectMail accounts will

- Use a familiar interface: Google Gmail
- Provide six gigabytes of storage space
- Provide protection from spam and viruses
- Include applications for creating calendars, shared documents, and contact lists

Important Note: By accepting this email account you also agree to follow the policies and restrictions outlined in the Durham Technical Community College [Appropriate Use Policy](#).

Using your ConnectMail Account

Your ConnectMail account is linked to your WebAdvisor, Self-Service, and Sakai accounts. To access your ConnectMail account you will use your WebAdvisor ID and password.

Visit the [Password Set or Reset login screen](#). You will be directed about what information you need to enter to complete the process.

Accessing your ConnectMail account

Email is accessed via a web browser at <http://mail.connect.durhamtech.edu>. Or visit the [Current Students page](#) and choose the email button.

What will my email address look like for ConnectMail?

Your address will be your username@connect.durhamtech.edu.

I already have an email account. Why do I need a ConnectMail account?

Your ConnectMail account will be your **official** means of communication with Durham Tech. Through your Connect Mail account the college will be able to inform you of

- your application status,
- financial aid status,
- advising dates and times,
- registration dates and times,
- upcoming student events, and
- much more . . .

Having trouble logging in?
