Statement of Policy Regarding Acceptance for Clinical Training in the Following Programs at Durham Technical Community College

Associate Degree Nursing	Medical Assisting	Practical Nursing
Anesthesia Technology	Occupational Therapy Assistant	Respiratory Therapy
Clinical Trials Research Associate	Pharmacy Technology	Surgical Technology
Health Information Technology	Medical Product Safety and Pharmacovigilance	

Students accepted into the above programs must meet the standards of both the College and the affiliated clinical sites in order to participate in the appropriate clinical training for the program. Each clinical site where a student receives training reserves the right to refuse clinical training to any student found to be unacceptable according to that site's policies and regulations. **Clinical sites require a Criminal Background Check (CBC) prior to the student's placement for training at that site.**

Reasons for refusal could include, among other considerations, a documented criminal background check indicating convictions for drug or alcohol related charges, child abuse or molestation, burglary, larceny, or other convictions deemed inappropriate to the particular clinical setting. In addition, students may be required to submit to a 12-panel drug screening per the clinical site's requirement.

The student must conform to and be subject to all policies and regulations of the assigned clinical site. The site reserves the right to end clinical training of any student whose performance violates rules, policies, procedures or professional standards expected by the agency. Written justification from the clinical site will be provided to the college for such suspension. The clinical site and college personnel reserve the right to take appropriate immediate action, when necessary, to maintain the proper and safe operation of its facilities and the safety of clients in the clinical setting.

Criminal Background Check and Drug Screening: When students are admitted into the program of study, the student receives the CBC and drug screening information and directions: The criminal background check will include reports from all states where the student has lived, worked, or gone to school from the date that they turned eighteen (18) years of age. The CBC will include both felonies and misdemeanors. The National Sex Offender Registry is included in the CBC. Flagged reports are sent directly from the designated CBC vendor to the clinical sites. Durham Tech does not retain copies of the results. **Note: Please do not get this report from your local police department.** The drug screening is a 12-panel test.

Students will pay a fee directly to a designated vendor for the CBC and drug screening.

Additional information on the [Criminal Background Check requirement](#) may be obtained from the Durham Tech website.

I verify that I have read and fully understand the Statement of Policy Regarding Acceptance for Clinical Training at Durham Technical Community College. I also understand that a criminal background check and/or drug testing will be required for placement in clinical training sites for Durham Technical Community College.
