

**DURHAM TECHNICAL COMMUNITY COLLEGE
UNIVERSITY TRANSFER PLAN OF STUDY**

Associate in Arts Degree (A10100)

Effective 2018-2019
(Fall Start)

The following plan of study is the standard curriculum for the above program. Any deviation from the prescribed curriculum must have advance approval. All prerequisite course requirements must also be met. To graduate the student must successfully complete all the required courses and the required credit hours for electives and have at least a 2.0 overall grade point average. Prerequisite courses to a subsequent course must be passed with a C or better. A grade of D will not count for transfer. This plan of study is subject to change when the college thinks such action is in the best interest of the student or the program. It is the responsibility of the student to meet requirements for graduation. **ACA 122 is required for graduation; students are advised to take ACA 122 in their first semester at Durham Tech to create a suitable plan of study.**
